<p>Page 125 Look and glue.</p> <p>Instructions: Identify the colors of the rainbow search for pictures of objects of the color of the rainbow and glue them in the right color</p>	<p>Page 129 Trace and glue.</p> <p>Instructions: Count from 1 to 5 and identify the colors. Then glue in each square pictures. Example: In number 1 glue one sun. In number 2, glue two stars. Continue with the rest of the numbers in the same way</p>	<p>Page 131 Pop out and glue</p> <p>Instructions: Identify each whether (sunny, windy, rainy, cloudy). Ask about what clothes you can use. Then pop out the children and help them to glue it in the correspondent rectangle</p>	<p>Game: Magic box/bag</p> <p>Choose 5 clothes (skirt, t-shirt, pants, cap, socks, shorts, shoes). Then let your child identify the 5 clothes that you chose. Next, put all the clothes in a bag or a box, explain that he/she has to take out a clothes from the bag or box without seeing. Finally, your child has to describe it, example: What is this? This is a (t-shirt) What color is it? It's color red. Then keep repeating the process until you finish with the clothes.</p>	<p>Page 139 Look and color</p> <p>Identify what color is Dino and color it</p>
